

# Massillon Area Credit Union Home Banking (OBIE) Initial Enrollment

On your first time logging into Home Banking (OBIE) after **02/26/2010**, you need to **ENROLL**.

**1. Your UserName or Account Number will be your regular share account number.**

(This is the same account number that you have used for your home banking in the past)

**2. Your initial password will be your last 4 (Four) digits of your social security number.**

**3. You will then be asked to put in a new password.**

In many cases, you will be able to enter your current password you have been using that you are familiar with. Just follow whatever the listed criteria is for your password and you will complete the password change.

## **4. Additional Questions**

For additional security, there may be some key questions for you to answer and this again is to keep your account secure. Just follow the instructions on the website to complete your enrollment. The answers to these questions will only be used to verify you as an authorized member if there are any questions on access to your account.

**If you have any questions on this process, please call 330-832-1371. Hit option 4 on your phone keypad and your call will be sent to our member service representatives to help you with your questions.**

## **If you also enroll in Bill Payment services**

At this point you will click on the **"Bill Payment"** tab to enter Bill Pay. There may be some other questions asked of you for security reasons. Please answer the menu items and continue. **You will need to enter all of your payee information this one time, but only this initial time.** The system will then save all of your information and you will be ready to use the bill pay system.
